McKeefery, executive vice president of VPI (left), who spoke of agriculture's future; the Reverend Joseph R. Stanley, pastor of New Hope Baptist Church, Appomattox, who gave the invocation, the dedicatory for the monument and a memorial for deceased agents; R. B. Mr. R. B. Moore, former president of Grove 71 presented the "Mr. Woodman" award of the year to Mr. U. O. Rothgeb and the award of "Woman of Woodcraft" was presented to Mrs. U. O. Rothgeb.

Master of ceremonies for the event was William Chenault with a welcome to guests delivered by Marvin House, Jr.

The Rev. Virgil Hudson gave the invocation.

The afternoon's events began at 2:00 with recreation for everyone under the chairmanship of Marshall Goin. The Rothgebs were co-chairmen for the picnic at 5 p.m.

'Jaycees' Working For A Win!

Just behind these "Jaycees" team members of the Appomattox Minor League is a sign that means a lot of summer baseball. A good hit over J. E. Jamerson advertising sign at the Woodmen of the World ballfield nets that batter $1.00 (and a home runt) The "Jaycees" lost their Monday night game to Pamplin "King's Market", by only two hits, so they're working for a win in upcoming games. Bat boy (front center) is David Ferguson. In the second row: (from left) Jerry Mitchell, Kevin Moore, Timmy Marshall, Bob Dunnam, Mike Wooten, Gordon Lawson, Ernie Chenault, Gary Tanner, Frankie Tanner, Byron Roach. In the back row: Melvin Moore, Timmy Davidson, Harry Carter, S. L. Ferguson, Robert Dyess, Jerry Woods, Mike Rowe and Fontain Lewis. Manager is Curtis Wooten with Harry G. Lawson, Sam Ferguson, Billy Chenault and Calvin Tanner as assistant manager.

Programs Provide For Crop Losses

If weather prevented planting of wheat or feed grains by producers signed up in these 1970 farm programs, they need not lose program benefits, reported J. P. Alvis, Jr., Chairman of the Appomattox County Agricultural Stabilization and Conservation (ASC) Committee.

He said that if the County ASC Committee determined an acreage of wheat or feed grain could not be planted during the normal planting season because of flood, drought, or other natural disaster, the producer still can earn program payments. The same is true for farm program participants whose crops are destroyed by natural forces.

In such cases, producers must file requests for acreage credit certifying they have been prevented from carrying out normal operations.

The first thing a farmer should do, Mr. Alvis said, is get in touch with his County ASCS Office and report the situation. He will receive a full explanation on "prevented acreage" provisions in the 1970 farm program.

Approval of program benefits in these cases rests with the County ASC Committee. Producers filing requests for acreage credit must have made genuine efforts to plant and grow the crop in a workmanlike manner.

The ASC Committee Chairman reminded farmers that the provisions apply only to farmers who signed up in the 1970 feed grain and wheat programs and then were unable to plant or grow the program crops because of natural disaster.
